Item 11 - Proposal for authorisation to the board of directors to increase the Company's share capital

The board of directors believes that it is in the best interest of the Company that the board is granted authorisation to increase the Company's share capital. The authorisation may be used to offer shares as compensation during a potential acquisition or conduct a cash offering to finance the acquisition. The authorisation may also be used to issue shares in connection with employee share saving schemes for the employees of the Multiconsult group and the bonus scheme for senior executives. Taking into consideration the purpose of the authorisation, it is proposed that the board may deviate from existing shareholders' preferential rights pursuant to section 10-4 of the Norwegian Public Limited Liability Companies Act when using the authorisation.

- (vii) *All previous authorities to the board of directors to increase the share capital are revoked.*

Item 12 - Proposal for authorisation to acquire own shares

The board of directors believes that it is in the best interest of the Company that the board of directors is granted an authorisation to repurchase the Company's own shares. Holdings of the Company's own shares may for example be useful in connection with the employee share purchase program and the bonus scheme for senior executives.

The board of directors proposes that the general meeting pass the following resolution:

- (i) *The board of directors is authorised pursuant to section 9-4 of the Norwegian Public Limited Liability Companies Act to acquire shares in the Company ("own shares") on behalf of the Company with an aggregate nominal value of up to NOK 1 383 745.*
- (ii) *When acquiring own shares the consideration per share may not be less than NOK 5.00 and may not exceed NOK 500.00.*
- (iii) *The board of directors determines the methods by which own shares can be acquired or disposed of.*

- (iv) To give the general meeting its recommendations regarding the members of the nomination committee's fees.*

The general meeting may issue further guidelines for the nomination committee's work.

The nomination committee's work is carried out in accordance with the Instructions for the Nomination Committee, adopted by the general meeting 19 April 2021.

During the previous period, the nomination committee has consisted of Arnor Jensen (chair of the board of directors of Stiftelsen Multiconsult), Atle Hauge (Senior Portfolio Manager, Odin Forvaltning AS) and Egil Chr. Dahl (private investor).

2 THE WORK OF THE NOMINATION COMMITTEE

Since the annual general meeting 13 April 2023, the nomination committee has held seven recorded meetings, including individual meetings with shareholder- and employee-elected members of the board of directors and with the CEO. As part of its work, the nomination committee has consulted major shareholders of the Company.

When recommending the remuneration to the members of the board of directors and the nomination committee, the nomination committee has benchmarked the existing compensation level against the relevant compensation level in companies of similar size and industry.

The nomination committee's overall assessment is that the current board of directors functions well, and that the board of directors also through 2023 has contributed to the Company's continued positive development.

In its work, the nomination committee has emphasised that the competence within the board of directors shall be well adapted to the Company's situation and strategy, in addition to fulfilling the board of director's ordinary tasks in a professional manner. The nomination committee has also emphasised the independence of the board of directors. Furthermore, the nomination committee has emphasised the continued overall positive financial development that has been achieved under the current board of directors and management, and the importance of continuity in order to ensure that the results achieved create a basis for further positive development.

The members of the board of directors attended an ESG competence programme for board of directors in 2023 facilitated by FutureBoards and DNV. The members of the board of directors met the requirements for completion and received an ESG certificate from DNV.

3 THE BOARD OF DIRECTORS – THE NOMINATION COMMITTEE'S PROPOSAL

Following the annual general meeting 13 April 2023, the board of directors has comprised the following shareholder-elected members:

Rikard Appelgren	chair.	Elected for a period of two years. (First elected by an extraordinary general meeting in 2018).
Hanne Rønneberg	member.	Elected for a period of two years. (First elected by the annual general meeting in 2018).
Sverre Hurum	member.	Elected for a period of one year. (First elected by the annual general meeting in 2020).
Tove Raanes	member.	Elected for a period of two years. (First elected by the annual general meeting in 2020).
Tore Sjursen	member.	Elected for a period of one year. (First elected by the annual general meeting in 2022).

The nomination committee considers that the described composition of the board of directors through 2023 and start of 2024 has represented competence and experience well adapted to the Company's current situation. In conversations with the nomination committee, the members of the board of directors expresses satisfaction with how the board of directors functions and fulfils its duties and responsibilities. The nomination committee takes into account the need for continuity in the board of director's work as part of the continuous positive development of the Company.

In summary, the nomination committee proposes that the general meeting re-elects both members of the board of directors who are up for election at the annual general meeting (Hurum and Sjursen) for a period of two years running from the annual general meeting to the annual general meeting 2026 by adopting the following resolutions:

- 1. Tore Sjursen is elected as member of the board of directors for a two years term.*
- 2. Sverre Hurum is elected as member of the board of directors for a two years term.*

Each of the candidates has confirmed their candidature.

The basis for the above described proposal by the nomination committee:

Rikard Appelgren (1965) has a Master's degree from Chalmers (Gothenburg, 1988) and has a background from consulting engineering business in Sweden. He had a career in J&W (who became WSP) and was CEO of WSP Sweden in the period 2002 – 2014. He was also in charge of WSP Europe as COO and member of the global group management. His experience includes good insight into the challenges that accompany growth through acquisitions and turnarounds. Rikard Appelgren has extensive board experience and currently holds key positions in several smaller businesses where he is partly owner. Tove Raanes (1977) has a master degree in finance with a background from consulting and investment activities. She has extensive experience from boards and board committees and for the past 5-6 years has been on boards of two medium-sized knowledge based companies that have shown good development. Tove Raanes represents expertise in finance and analysis and covers capital allocation, transactions etc. well. With her finance background, experience from other industries as well as results-oriented attitude, she will be able to add an otherwise technology-heavy board to new dimensions. Raanes has been the chair of the audit committee of the Company during the last term. Raanes is independent of Multiconsult ASA's executive management, main shareholders and material business contacts. Raanes has participated in all meetings of the board of directors in the preceding period, and owns 5 313 shares and 0 options in the company as of 12 March 2024.

Sverre Hurum (1955) is an industrial economist (Diploma Wirtschaftsingenieur from Karlsruhe) and has since 2002 led the development of the IT consulting company Bouvet. He holds a good understanding of the mechanisms that apply to create development and results in a company where knowledge based employees are central. Sverre Hurum has valuable experience related to digitisation strategies in such companies. Hurum is independent of Multiconsult ASA's executive management, main shareholders and material business contacts. Tore Sjursen (1961) has an engineering degree from NTNU (MSc) in mechanical engineering from 1984 and a MBA from 1986. His former positions has been senior vice president in Aker, and is presently CEO of Oneco from 2021. He has substantial industrial competence within project based business. He has extensive experience from project and line manager positions and as an advisor to the group management, all in the Kværner and Aker companies. From these positions, he has gained a comprehensive insight into, and understanding of, the business of an international knowledge company where the implementation of complex projects and risks associated with various forms of contract are central. Sjursen is independent of Multiconsult ASA's executive management, main shareholders and material business contacts. Sjursen has been a member of the audit committee during the last term. Sjursen was absent from two meetings of the board of directors in the preceding period, and owns, through Bonao Invest AS a company wholly owned by Sjursen, 915 shares in the Company as of 12 March 2024. Sjursen holds 0 options in the Company.

4 REMUNERATION TO THE MEMBERS OF THE BOARD OF DIRECTORS – NOMINATION COMMITTEE'S PROPOSAL

The remuneration of the members of the board of directors of the Company has been considered to hold the level of board member remuneration in comparable companies. Since 2018, the general meeting has resolved that the shareholder-elected board members shall purchase shares in the Company, and the remuneration has since then reflected this.

The nomination committee considers a certain level of personal shareholding by the members of the board of directors to have a positive impact on the work of the board of directors and thus for the Company. The nomination committee is informed that this is in line with the general opinion by certain shareholders, and it will therefore repeat its previous proposal regarding the members of the board of directors obligation to buy shares in the Company.

The Company has performed well in 2023. The nomination committee proposes an adjustment of the board remuneration for the next period that reflects the general salary increase (including within the Company) and takes into consideration the general, annual, median increase in remuneration to members of the board of directors of companies listed on Oslo Stock Exchange (cfr. the 2023 Board Remuneration Survey conducted by the Norwegian Institute of Directors).

The nomination committee proposes an increase in the remuneration to the chair and members of the audit committee to reflect its extended responsibility and workload with regard to the Company's reporting on sustainability matters on the basis of Corporate Sustainability Reporting Directive, which is expected to be implemented in Norwegian law with effect for the 2024 financial year.

The Nomination committee proposes the following remuneration for the members of the board of directors for the period running from the annual general meeting 2024 to the annual general meeting 2025:

	Proposal for 2024– 2025 (NOK)	Remuneration for 2023– 2024 (NOK)
Chair	605 000	550 000
Members	305 000	275 000
Employee-elected members	152 000	138 000
Addition – audit committee's chair	110 000	72 000
Addition – members of the audit committee	90 000	60 000
Addition – nomination committee's chair	53 000	48 000
Addition – members of the nomination committee	39 000	35 000

The nomination committee proposes that the general meeting adopts the following resolutions:

1. The general meeting adopts the nomination committee's proposed remuneration to the members of the board of directors, for the period 2024-2025.

2. All board members who are elected by the shareholders shall buy shares in Multiconsult ASA for 20% of the aggregate gross board remuneration within the end of the year. The obligation will apply annually for as long as a board member is re-elected, until the individual board member's shareholding has an aggregate market value equal to the size of one year's board fee. Board members shall thereafter maintain a shareholding of this size for

as long as they remain members of the board. After a board member resigns, the obligations under this resolution shall cease to apply.

5 ELECTION OF MEMBERS TO THE NOMINATION COMMITTEE – NOMINATION COMMITTEE'S PROPOSAL

Both Atle Hauge and Egil Chr. Dahl were elected for a period of two years by the 2022 annual general meeting, and are therefore up for election. Arnor Jensen, chairperson of the nomination committee, was elected for a two year term by the 2023 annual meeting and is therefore not up for election at the annual general meeting.

The nomination committee proposes that Hauge and Dahl are re-elected as members of the nomination committee for a period of two years running from the annual general meeting to the annual general meeting 2026 by adopting the following resolutions:

1. Atle Hauge is elected as member of the nomination committee of Multiconsult ASA for a period of two years.
2. Egil Chr. Dahl is elected as member of the nomination committee of Multiconsult ASA for a period of two years.

Hauge is Senior Portfolio Manager in Odin Forvaltning AS and responsible for ODIN Norge, the Company's second largest shareholder. Dahl is private investor, and is the Company's third largest shareholder through his wholly owned company Vevlen Gård AS.

Each of the candidates has confirmed their candidature.

6 REMUNERATION OF THE MEMBERS OF THE NOMINATION COMMITTEE – NOMINATION COMMITTEE'S PROPOSAL

The remuneration of the members of the nomination committee of the Company has been considered to hold the level of comparable companies. After the remuneration had remained unchanged for more than five years, an adjustment was resolved by the 2021 annual general meeting. The nomination committee proposes that the remuneration is increased in line with the median increase in remuneration to nomination committee members in companies listed on Oslo Stock Exchange (cfr. the 2023 Board Remuneration Survey conducted by the Norwegian Institute of Directors):

	Proposal for 2024 – 2025 (NOK)	Remuneration for 2023 – 2024 (NOK)
Chair	50 000	45 000
Members	45 000	40 000

The Nomination committee proposes that the general meeting adopts the following resolution:

The general meeting adopts the nomination committee's proposed remuneration to the members of the nomination committee for the period running from the annual general meeting 2024 to the annual general meeting 2025.

Remuneration Policy for Determination of Salary and Other Remuneration for Leading Persons in Multiconsult ASA

1. Context for the policy

This remuneration policy (“policy”) describes the principles for the remuneration of the members of the board of directors (“the board”) and the members of the executive management team (“the executives”) of Multiconsult ASA (“company”). The members of the board and members of the executives are considered “leading persons” at Multiconsult ASA. The policy describes the decision-making process for remuneration to these leading persons and outlines the total remuneration by components.

The purpose of the policy is to ensure that Multiconsult ASA delivers good results through an executive management team with high motivation and strong loyalty to the company and its values. The policy defines basic principles on how Multiconsult ASA uses salaries and other forms of compensation as a tool to attract, motivate, develop, and retain the competence needed in the board and the executive management team. It is further designed to align the interests of the leading persons with those of the shareholders. The policy is based on openness and transparency regarding the elements included in the compensation packages.

1.1 Regulatory landscape

The remuneration policy complies with the requirements defined in § 6-16a of the Norwegian Limited Liabilities Companies Act (“Allmennaksjeloven”), implementing the amendments to the EU Directive on shareholder rights (Directive (EU) 2017/828 of the European Parliament and of the Council of 17 May 2017 amending Directive 2007/36/EC as regards the encouragement of long-term shareholder engagement). It also complies with the Norwegian Regulation on guidelines and report on remuneration for senior executives (“Forskrift om retningslinjer og rapport om godtgjørelse for ledende personer») and the relevant chapters of the Norwegian Code of Practice for Corporate Governance issued in October 2021.

The policy was first approved by the annual general meeting on 7 April 2022. The policy must be approved by the general meeting in the event of any material changes and at least every fourth year.

In accordance with the Limited Liability Companies Act § 6-16b an annual report with an overview of paid and outstanding salaries and other remuneration to leading persons shall be prepared. The report must be approved by the auditor before it is submitted for resolution at the annual general meeting. The salary report shall be published and available on the company's website.

Remuneration Policy for Determination of Salary and Other Remuneration for Leading Persons in Multiconsult ASA

1.5 Governance

1.5.1 Review of Remuneration Policy

The board has the overall responsibility for the remuneration policy. The remuneration committee is responsible for reviewing and proposing changes to the remuneration policy to the board. The remuneration committee is established by the board and consists solely of directors.

The remuneration committee reviews the policy at least once a year and, if applicable, proposes amendments to the board for adoption by the annual general meeting. The annual general meeting finally approves the remuneration policy.

1.5.2 Independence and conflict of interest

Directors are required to disclose any conflict of interest. The members of the board and executives hold a negligible percentage of the votes at the annual general meeting and thus cannot influence the outcome of the voting materially.

2. REMUNERATION TO THE BOARD OF DIRECTORS

2.1 Main principles for remuneration to the board of directors

The board's remuneration shall be in proportion to the board's responsibilities, competence, time use and complexity. Directors are not offered stock options, warrants or participation in other incentive schemes. Remuneration of employee elected directors in their capacity of employees is not covered by these guidelines. However, employee elected directors can participate in the share purchase plan for all employees.

2.2 The decision-making process

Director's fees are determined by the general meeting based on recommendations from the nomination committee. The nomination committee is elected by the general meeting and consists of a chair of the committee and two members. Their recommendations are based on the board of directors' responsibility, expertise, and the complexity of the business.

Remuneration Policy for Determination of Salary and Other Remuneration for Leading Persons in Multiconsult ASA

2.3 Remuneration composition

Directors have a fixed remuneration for their duties. If directors participate in the remuneration committee or audit committee, additional fixed remuneration is received. Multiconsult ASA reimburses reasonable expenses relating to travel to attend board meetings.

All shareholder elected non-executive directors shall buy shares in Multiconsult ASA equal to 20 per cent of the aggregate gross directors' remuneration within the end of the calendar year of the election. The obligation will apply annually for as long as the director is re-elected, until the individual the director's shares have an aggregate market value equal to the amount of one year's director fee. Directors of the board of directors shall thereafter maintain this number of shares as long as they remain members of the board of directors. After a director resigns, the obligations under this resolution shall cease to apply.

3. REMUNERATION TO THE COMPANY'S EXECUTIVE MANAGEMENT TEAM

3.1 Main principles for remuneration to the executive management team

The main principles for remuneration to the executives in Multiconsult ASA are stated below:

- The basis for determining remuneration to the executive management team is information that is obtained through salary statistics and comparisons with other companies in the industry and other relevant companies. The company shall benchmark the salaries of the executives with comparable companies at least every other year.
- The company's strategy is to offer competitive remuneration.
- The compensation to the executive management team must reflect both the value of the position and the value that the person holding the position represents for the company.
- The principle of wage determination is based on individual assessment.
- The executive management team is covered by the same scheme for total compensation, but the size and weighting of the reward elements vary.

3.2 The decision-making process

The board of Multiconsult ASA is responsible to ensure that the compensation of the executive management team is in line with the remuneration policy. The remuneration committee manages the remuneration package for the chief executive officer ("CEO") and other executives. The mandate for the remuneration committee consists of i) to discuss and give its recommendation to the board for the CEO's remuneration, ii) to discuss remuneration and

Remuneration Policy for Determination of Salary and Other Remuneration for Leading Persons in Multiconsult ASA

give its recommendation to the CEO for the remuneration of the remainder of the executive management, iii) succession planning, and iv) incentive programme for all employees.

3.3 Remuneration composition

The remuneration to the executives of Multiconsult ASA may consist of the following elements:

3.3.1 Fixed elements

- Fixed annual salary which is regulated annually on January 1st.
- Insurances in line with the rest of the company.
- The executives are part of the same pension plan as the rest of the company. The executives, who until 2017 were members of the defined benefit plan, are in the same way as other affected employees, partly compensated for entering the defined contribution plan.
- Fixed transportation allowance.
- Other services such as telephony, broadband, newspaper, etc.
- The executives are, like other employees, affiliated with the company's current life and health insurance scheme. In addition, the executives are affiliated with the company's board liability insurance.
- Internal board assignments and similar internal positions are not remunerated separately.

3.3.2 Severance pay

The CEO of Multiconsult ASA has renounced his/her job protection against an agreed severance pay that is valid for a period of 12 months. This right is lost if it is found that the CEO has shown gross negligence of duties according to laws. No other executives are entitled to severance pay and have a six months' notice period.

3.3.3 Variable pay – bonus model

The board decides on performance targets for a performance-based bonus scheme for the CEO. The CEO informs about performance targets and goal achievement for bonus earnings for other executives. The company's board adopts the structure of the performance-based salary on the recommendation of the remuneration committee. The scheme is limited to six gross monthly salaries for the CEO and four gross monthly salaries for other executives. Multiconsult ASA does not have the possibility to reclaim variable remuneration.

Remuneration Policy for Determination of Salary and Other Remuneration for Leading Persons in Multiconsult ASA

The remuneration committee assesses achievements in relation to the bonus criteria. Their recommendation is then reviewed and decided by the board. The purpose of the performance-based bonus scheme is to help the executives work actively to achieve strategic goals. Furthermore, it is a suitable tool for sending clear signals to the executives about which goals the company's board prioritises. The bonus scheme will reward executives for achieving these priority goals. The performance targets can be a combination of quantitative and discretionary targets, and they are set with thresholds and maximum levels. At Multiconsult ASA, variable pay is connected to financial performance and sustainability. This reflects the company's and the board's focus on sustained profitability as one of the most important strategic goals.

Payment of variable pay is conditional on the executive remaining in his/her position for the full term of the bonus programme. Executives are therefore only bonus eligible if they remain in their position and have not handed in their notice by the payout date and share transfer date. There is one exception: if an executive retires from the management team, the executive is bonus eligible pro rata according to the period in position.

3.3.4 Share-based payment

The board of Multiconsult ASA believes that ownership helps to promote long-term relationships and loyalty to the business and that the opportunity for ownership has a positive effect on the executive management's performance over time. With the desire to offer remuneration that links the executive management to expectations of future value creation, the board of Multiconsult ASA has established an incentive program with compulsory shareholding as part of the bonus scheme for the CEO and other executives. The program is implemented annually and is part of Multiconsult ASA's focus on long-term value creation. Out of the earned bonus, 75 per cent of the bonus is paid in cash and 25 per cent by shares at a 30 per cent discount and a three-year lock-in period. If a member of the executive team has retired, 100 per cent of the bonus will be paid out in cash. If an executive leaves the company during the lock-in period, the member must repay the actual discount pro rata according to accrued and remaining lock-in period. The executives also have an option to buy equal to 25 per cent of the bonus attained. Funding of the shares can be done by cash payment from the executive or by a loan from Multiconsult ASA. If an executive leaves the group, repayment of the loan takes place at the last date of employment in the group. Executives may also participate in the company's share purchase plan, in which they are offered to purchase shares at a discount of 20 per cent with a two-year lock-in period.

Remuneration Policy for Determination of Salary and Other Remuneration for Leading Persons in Multiconsult ASA

3.3.5 Relative size

The relative size of the remuneration composition varies between the executive team members. This is mainly caused by the difference in maximum bonus pay-out and due to the compensation for entering the defined contribution plan. The below table is therefore a presentation of approximate numbers of the average composition.

	Relative size at minimum	Relative size at maximum performance
Fixed elements	100%	77%
Annual salary	90%	69%
Pension	9%	7%
Transportation allowance	7%	5%
Other	1%	1%
Variable elements	0%	23%
Bonus	0%	23%

4. DEVIATIONS FROM THE POLICY

In order to serve the interests and strategy of Multiconsult ASA, the board may in exceptional circumstances, based on a recommendation from the remuneration committee, deviate from Section 3 of this policy. Any such deviation must be described in the remuneration report following the deviation.

5. APPROVAL AND PUBLICATION

Subject to shareholder approval, the policy will take effect from the date of the general meeting and will be in force for the subsequent maximum of four years. However, the board may seek approval for a new policy at an earlier point.

The updated and latest policy is published and available on the company's website.

1. Key developments in remuneration – 2023

1.1. The financial year 2023

2023 presented greater market fluctuations and uncertainty than previous years. Even though there are substantial differences in the market outlook across various geographical areas and across business areas, the overall market outlook is stable. Collective effort has led to record high order intake, significant growth, good profitability, and a solid and diversified order backlog. Multiconsult has strengthened its market position through organic growth, successful acquisitions and by offering attractive and sustainable services.

1.2. Shareholder feedback

The remuneration policy on determination of salary and other remuneration to leading persons in Multiconsult ASA was approved by the general meeting in 2022.

1.3. Key developments in board remuneration and composition in 2023

The annual general meeting of Multiconsult ASA on 13 April 2023 re-elected Rikard Appelgren as chair of the board. Hanne Rønneberg, Tove Raanes, Sverre Hurum, and Tore Sjurson were re-elected as directors. The total number of directors is therefore maintained at eight, consisting of five shareholder-elected and three employee-elected directors.

The annual general meeting in 2023 resolved the remuneration for the directors for the period between the annual general meeting in 2023 and the annual general meeting in 2024. There was an increase in the fixed base from NOK 262 000 to NOK 275 000 for directors, and from NOK 524 000 to NOK 550 000 for the chair. For employee-elected directors there was an increase in the fixed base from NOK 131 000 to NOK 138 000. There were also increases in the remuneration for committees.

1.4. Key developments in executive remuneration and composition in 2023

The following changes have taken place in the executive management team during 2023:

- On 30 September, EVP Architecture, Kirsten Anker Sørensen retired from the executive team and Kirstin Olsson Augestad was appointed EVP Architecture 1 October. On 28 February, EVP Sales, Lars Opsahl resigned and Thor Ørjan Holt was appointed EVP Sales 1 March.
- On 1 October, EVP Region Norway, Leif Olav Bogen was appointed EVP Oslo and Kari Sveva Dowsett joined the executive team and was appointed EVP Region Norway.

The remuneration of executives in 2023 has been governed by the remuneration policy on determination of salary and other remuneration to leading persons (“remuneration policy”) that was approved at the annual general meeting in April 2022

The short-term cash-based incentive (STI) has been based on a financial target and a sustainability target aligned with strategy. Based on the performance in 2023 the board determined that the STI for the executive

team was 60 per cent of the maximum STI (94.33 per cent in 2022) equalling six months' base salary for the CEO and four months' salary for other executives.

1.5. Derogations and deviations from the remuneration policy

The remuneration policy states that variable pay targets are set with threshold and maximum levels where potential bonus is calculated linearly from 0 to 100 per cent of maximum payment. For the 2023 variable pay scheme, the board deviated from this providing instead for a 15 per cent payout if the threshold was met. This deviation was in line with Section 4 of the remuneration policy.

2. Remuneration of the board of directors

2.1. Remuneration policy

Directors' fees are determined by the general meeting based on recommendations from the nomination committee. These recommendations have been based on the board of directors' responsibility, expertise, and the complexity of the business. The company's remuneration policy adopted at the annual general meeting in April 2022 provides the framework for the remuneration of the board of directors (the board) in 2023.

All shareholder elected directors shall purchase shares in Multiconsult for 20 per cent of the total gross directors' fees by the end of the year, subject to certain conditions. The duty is in effect every year a director is re-elected, until the market value of the shares equals the board remuneration for one year. The directors shall maintain such share ownership for the duration of the board period. The duties following this resolution expires following withdrawal by a director. Only employee elected directors may have loans from the company and can participate in the group's share purchase plan for employees.

The directors have not been awarded share options or any other form of incentive-based remuneration for the fiscal year 2023. The directors do not receive performance-based remuneration.

None of the directors have undertaken any special assignments for the group other than their work on the board. Directors are unable to accept such assignments without approval from the board of directors in each case.

All remuneration in 2023 to the board has been in line with the resolution from the general meeting. All shareholder elected directors have shares that have a market value equivalent to the board remuneration for one year or have acquired shares corresponding to 20 per cent of their gross board remuneration.

Remuneration composition

The remuneration of directors comprises a fixed base fee, as well as additional fixed fees for the chair and members of the board committees.

Multiconsult reimburses reasonable expenses relating to travel to attend board meetings. Employee elected directors can participate in the share purchase plan for all employees.

- The executive team is covered by the same scheme for total compensation, but the size and weighting of the reward elements will vary

3.2. Executive remuneration benchmark

Salary statistics and comparisons with other companies in the industry and other relevant companies are used to determine the compensation to the executive management. Multiconsult benchmarks the salaries of the executive management with comparable companies at least every other year.

3.3. Remuneration composition

Remuneration	Further information
Base salary	Fixed annual salary which is adjusted annually as of 1 January
Short-term cash-based incentive scheme (STI)	<p>Possible bonus is the maximum number of monthly salaries that can be paid out in the bonus given full goal achievement in relation to the bonus criteria. The actual bonus pay out is based on the assessment of goal achievement in relation to the bonus criteria. Goal achievement is reviewed by the board before any payment takes place. Multiconsult does not have the possibility to reclaim variable remuneration.</p> <p>The pay-out potential in the bonus scheme is up to a maximum of six months base salary for the CEO and four months for other members of the executive management team. Financial targets and relevant performance measures are approved and evaluated by the board. Out of the earned bonus, 75 per cent of the bonus is paid in cash and 25 per cent by shares at a 30 per cent discount and a three-year lock-in period. If a member of</p>

3.5. Variable remuneration

The purpose of the performance-based bonus scheme is to help the executives work actively to achieve strategic goals. Furthermore, it is a suitable tool for sending clear signals to the executives about which goals the company's board prioritises. The bonus scheme reward management for achieving these priority goals. The performance targets can be a combination of quantitative and discretionary targets. Operating margin has been and is a key profit target in the current period. This reflects the company's and the board's focus on sustained profitability as the most important strategic goal.

The annual bonus targets are predetermined by the board of directors. Targets are set with threshold and maximum levels. Goal achievements is reviewed by the board of directors before pay-out. The bonus target for 2023 was partly met resulting in a 60 per cent pay-out for the executive team.
